TRIATHLON

The Triathlon run as part of the Lions Club Harbor Days proved a highly popular and successful race and these pictures sh the start and finish of the event. The initial part of the race was a swim around two large buoys anchored well beyond the end of the wharf. The photo at right below shows the overall team winner Letendr crossing the finish line. He was clocked at more than 40 M.P.H. on the course. Howard and Mansseur were his team mates The other bike rider on the left is Pettway of the team of Brooks, Pettway and Lestage, and he is shown as he finished 2nd overall. This highly complicated race requires many volunteers. Philip Mello extends his thanks to the Mattapoisett Rescue Squad, Fire Department, Police Dept. J. Parker of the Brownell Boat Yard for deploying the yacht racing cones, to the Mattapoisett Harbor Master, all of the town beach personnel for their assistance. A special Thanks to Tom Bliss for coordinating the swimmers in that portion of the event to make it a safe swim. Overall results are on page 21.

Deputy to Aid Harbormaster

MATTAPOISETT SELECTMEN'S MEETING
JULY 17, 1990-by VIRGINIA MORGAN

Selectmen last Tuesday voted to have Harbormaster Steven Mach advertise for a part-time deputy harbormaster to assist him and part-time Assistant Harbormaster Milton Heuberger, Jr. during the summer months. The advertisement will be posted as soon as possible to utilize the person for the remaining summer season through the end of September. The Personnel Board has given its approval for the position.

Harbormaster Mach said after September 1 until the end of the month the person will fill in when "both Milt and I return to our fulltime jobs". The person should have both a knowledge of boats and the harbor.

The job will be posted with duties to include: safety check on water skiers, patrol wharf for emergencies, patrol wharf and float area, check time limit on floats, patrol harbor and outlying areas and other duties as required by the harbormaster or assistant harbormaster.

The hours will be 10 to 15 hours per week, with 10 hours per week schedule, alternating Saturday or Sunday, two hours in the evening and three hours reserved for emergencies. The pay rate will be Grade 10, Step A at $5.58 per hour. Mr. Mach said the harbor committee budgeted $1,200 for this year in the Harbor Enterprise Fund.

The harbormaster commented that the

New York Yacht Club will be in the harbor overnight on Tuesday, July 24th, with about 20 boats, ranging in size up to 68 feet. Also, on August 2nd, the Connecticut Yacht Club will be in the harbor with about eight boats.

On another matter concerning the wharf area, Mrs. Frances Duff of 88 Marion Road stated that for 35 years she and her husband have kept a skiff at the Barstow Wharf and have always been able to park their car at the wharf. "Recently", she said, "I couldn't find a parking space on the Barstow Wharf or in the beach parking lot. There were 15 cars with no Mattapoisett stickers in the beach lot; and, when I checked with the parking attendant, I was informed Beatrice Ingram, who regularly collected for parking, was off that day. As a result, collections were not made for all the non-sticker parkers." Mrs. Duff expressed the opinion the beach parking lot should be for Mattapoisett residents only, and non-residents should be charged $8. (At the present time the charge is $2. per car and $1. for each person.) She commented Mattapoisett is the freest port around - "in most other harbors you would have to pay more in mooring fees for boats on the pier".

Selectmen agreed to take the suggestion under consideration and will check with the Recreation Committee on the fee structure.

In other business, Selectmen:

MET WITH Rochester Selectmen Chairman David Hughes and Herring Inspector William Watling on the progress of the dredging work being done in the Mattapoisett River. Mattapoisett is sharing the cost with Rochester. Mr. Watling has been watching the work as it progresses and reported the work is half done.

Selectman Hughes explained the funds for the project do not come out of the budget but they are included in past special articles. Mr. Hughes said Mattapoisett should have more water after the head of the river has been unclogged of the debris choking it. There is a four foot depth now and it should be five feet in the entire river by the time the work is completed. When the work is completed, Mr. Hughes said, "We (the Rochester Board of Selectmen) will take you (Mattapoisett Selectmen) on a tour to see what's been accomplished.

On another matter with Selectman Hughes, Selectmen Chairman John DeCosta said that in September the five towns that abut each other are due this year to "perambulate the bounds". This is done every five years with the towns of Acushnet, Fairhaven, Rochester, Marion, and Mattapoisett. Selectman Hughes said this fine with him, as hopefully the mosquitoes will be gone.

RECEIVED A LETTER from Police Safety Officer R. Stanley Ennis regarding the leave of absence time he is using because of illness. He wrote that Police Chief James F. Moran informed him his accumulated vacation, holiday and sick days, as of July 6,. have been used up.

"I have filed with the Plymouth County Retirement Board of disability retirement and have been informed that it could be as long as three to four months before I receive their decision. I would thereby request that the town pay me under state General Law Chapter 41, Section 111F, so I may continue to receive my full weekly pay until I receive notice of my retirement, effective July 9, 1990. I also understand that the town may require me to be re-examined by a doctor of their choice, which I agree to."

Selectman Daniel O. Mahoney said the matter has been discussed in executive session with Town Counsel Daniel Perry and a decision will be reached later when all the information has been received from the Plymouth County Retirement Board and doctor's reports.

The board noted the Reserve Fund is "very slim"; then amended it to say "close to zero"; then said, "it's safe to say the Reserve Fund is exhausted".

Chairman DeCosta favored the resolution advising our Congressional delegation that we do not condone any desecration of the American Flag. Selectman Mahoney said he does not condone any desecration of the American Flag but felt the resolution is too late. "The court has spoken", he said. Selectman Bernard F. a controlled atmosphere. Executive Secretary Carol Adams reported she has checked with the treasurer/tax collector, Kathleen Briggs, the town clerk, Lois K. Ennis, the board of assessors, and the town accountant, Joseph Bolton, on their space needs. She said the town clerk and assessors want separate cubicles; however, the selectmen's office, treasurer and accountant are willing to share one larger cubicle. Mrs. Adams was directed to check with the state to determine just what records the town legally has to save and what can be disposed of. Board members felt there is much that could possibly be thrown away.

APPROVED having Ken Pacheco of Village Signs submit cost figures to replace the town hall sign, as well as adding lettering along the front of the building. Chairman DeCosta displayed a copy of the town seal that he felt should be reproduced on a painted sign more appropriate to the historical age of the building. Selectman Mahoney agreed.

WILL CHECK on the request of Civil Defense Director William Simpson to purchase a portable radio for the civil defense department at a cost of $400. There is $100. in the CD budget. The chairman said the fire department may have one they no longer are using.

WILL REFER a dog complaint back to Dog Officer Brian Nunes to check the complaint of Robert Demers. Mr. Demers reported to the Selectmen's office that the dog officer wouldn't respond to the complaint without a written complaint and he preferred not to have to do that. Selectman Mahoney did not interpret the General Laws relating to written complaints as the dog officer did.

WILL ATTEND an open house at the dedication of Fairhaven's newly expanded Wastewater Treatment Plant on July 27.

Wharf Square Dancing

Mattapoisett Wharf Square Dances will end with this 1990 season unless there is a committee to run them. It would be a loss to the dancers, the community, and the many people who come to watch the dancing every Saturday evening during the summer. INTO FAMILY EYE CARE

How important is preventative frame maintenance to eyeglass wearers?

We believe it is very important. We encourage our patients to return on a regular basis, roughly every 6 to 8 weeks so that we can realign their frame, check for any loose hinge screws and perform whatever maintenance needs to be performed on that frame in order to keep it in the same condition that they originally purchased it in. One of the worst things that could ever happen is to go on a vacation and have something happen like the hinge screw fall out or the temple gets lost. The person then would not be able to wear glasses - it could spoil the entire vacation.

It is an opportunity for our newer residents to meet new friends, and also enjoy an afternoon of entertainment. The Lions' Club has prepared a booklet entitled "INFO-PAC" that provides nearly every telephone number of any club agency, store, police, fire or town official for your convenience; also, a map of the town showing the location of the various places.

On this same day there will be a Bike-a-Thon and a Walk-A-Thon. Prizes of bicycles, dinners for two will be given to those who ,collect enough pledges.

For pledge sheets for the Bike-A-Thon or the Walk-A-Thon check your local merchants; they will have a supply on hand.

EXHIBIT OPENS FRIDAY

A two-person show opens at the Marion Art Center on Friday, July 27th, 6 to 8 p.m., with a reception to meet the artists, Jill Karlin and Michael Patterson. Color and multimedia will be the most striking thing the two artists have in common.

Ms. Karlin, a native of Newton, resides in Palm Beach. Her work includes florals, house portraits and watercolors on handmade paper. She also has transformed some of her watercolors into tiles and decorative murals for pools, offices, foyers. "Where a focal point is needed and a window is impossible, a slice of tropical flora, landscape or seascape can be added", she explains.

Jill Karlin attended Rhode Island School of Design and earned a master's degree in fine arts from Boston University. She spent a year in France studying at L'Academie de Beaux Arts in Paris, where she also worked with S.W. Hayter at Atelier 17. She also spent a year in Rome working with

Michael Patterson lives in New Jersey and has traveled and lived in Maine, Vermont, New York City, Spain, Italy, Greece and France. A 1980 graduate of State University of New York, Purchase, Mr. Patterson has seriously pursued a career as an artist full-time. He works mainly in oils, but often does watercolors as sketches for future canvases. Like many artists, Patterson is

His paintings of beaches from Southampton to the Riviera are full of brilliant color and clear, solid shapes reminiscent of Gaugin.

Patterson says he senses the dilemma of the modern world. "We're using up all our water, no one seems to care about the world, but we've got to...There's so much out there that's really beautiful...", he states. Michael Patterson creates canvases that reflect the beauty and brilliant color he sees in summer scenes by the sea.

The Karlin/Patterson exhibition runs through August 22nd at the Marion Art Center, corner Main and Pleasant Streets. The galleries are open 1 to 5 p.m. Tuesday through Friday, and 10 a.m. to 2 p.m. on Saturdays. There is no admission charge.

eye talk

Q. I didn't need glasses until I was 45 and then only for reading. Now I need new ones every year. Why?

To answer your question, let's briefly review some eye anatomy.

Inside your eyes, behind the pupil, is a small transparent lens. It is so flexible it can change its shape. This is what makes it possible for us to see sharply and clearly for reading and other close work.

After age 40, this lens has lost some of its flexibility and can no longer do its job right. This is what happened to you.

Each year the lens becomes less and less flexible. Your optometrist can help you compensate for this loss by prescribing the proper lenses to meet your changing needs. These can be either eyeglasses or contact lenses. Annual examinations are, therefore, important in helping you to maintain good vision for everything you want to do.

Presbyopia, as this vision condition is called, affects or will affect us all.

Board of Appeals Decisions

One of the four applications recently decided by the Zoning Board of Appeals was that of a special permit to alter an existing non-conforming structure, Babbit Manufacturing at 44 Marion Road (Route 6), to convert it to a mini-self storage facility. The permit was granted to owners James M. Babbitt, Jr. of 40 Marion Road, Cynthia Bryden of Beasford, South Carolina, Edwin V. Babbit of Charleston, South Carolina.

The applicants proposed to change the use of the existing building from a manufacturer of chemical compounds to a mini-self storage facility, to include 92 storage units of which 32 are five feet by 10 feet, 36 are 10 feet by 10 feet, 14 are 10 feet by 15 feet, and 10 are 10 feet by 20 feet. The additions to the structure would result in a total footprint of 12,050 square feet, increase of 2450 square feet. The existing 40 feet by 40 feet office will not be converted to storage space.

A vinyl chain link fence will be constructed on the north boundary as well as natural screening. Each customer will sign a lease, and there will be no storage of flammable material and no work involving power tools allowed. The hours of operation will be 7 a.m. to 7 p.m. seven days per week, with an attendant on duty most of the time. There was no opposition at the public hearing. The Appeals Board found the proposed use less intensive than the current manufacturing use and substantially better suited to the neighborhood.

A second special permit sought for a pet grooming service and retail sale of pet

supplies at 6 Sherwood Avenue by Denise B. Renaghan was denied. The applicant proposed altering the 15 foot by 21.4 foot existing attached garage with addition of 10 holding crates or cages for the pets and a tub, dryer and work area with a counter and swinging doors in the interior. The only outside alteration would be removal and replacement of the overhead garage door with two windows and an entry.

The application was denied owing to the residential nature of the neighborhood, the increase in noise and traffic that this use would bring will be detrimental to the established and future character of the neighborhood and town and not in harmony with the intent of the by-law.

A special permit was granted to John and Margaret J. McGonigle of 3 Alderberry Lane relating to their property at North Street for construction of a one-family dwelling and accessory structures.

No one appeared at the public hearing in opposition. The special permit was an extended one that was granted previously but had been extended byond the effective date of April 25, 1990.

A variance was granted to Stephen and Cynthia Noyer of 7 Old Brandt Island Road relating to their property at that address, whereby the owners needed a variance from the applicable set-back requirements for

construction of a garage. They plan to construct a 28 foot by 26 foot two car garage on the first floor. The upper floor will be a one-room storage and play area accessible by an enclosed stairway. No one appeared at the public hearing in opposition. The petitioners presented to the board four letters of approval from the abutters. The setback of 11 feet versus the required 30 feet was allowed, as a literal enforcement of the zoning by-law would create a substantial hardship to the petitioners.

Letter to the Editor

Regarding the proposed construction of a 3 x 350 ft. fixed timber walkway, 3 x 16 foot ramp, 8 x 12 foot float in Mattapoisett Harbor and approval of retention of 290 ft. stonewall constructed without required federal permit:

Mattapoisett is fortunate to enjoy precious, beautiful seacoast and marshland areas. Preservation of these natural environments along with their bird, marine and wildlife inhabitants is vital to protect and ensure the survival of many endangered species.

The proposed constructions at Mattapoisett Town Landing would be seriously detrimental to the maintenance of an already too-fragile ecological balance.

LETTER TO THE EDITOR

On the heels of June 11th's School Committee meeting, we are compelled to write to the townspeople of Mattapoisett to clarify the position of the Capeway Softball League. First and foremost, the league and its members wish to thank both the townspeople who spoke up in our behalf and the members of the School Committee who saw fit to allow the league to continue, for now, as it has for more than the past 20 years.

The league would be remiss to ignore the concerns expressed by the townspeople and church community over the past several months regarding the use of the town's recreational fields. While the league maintains innocence over some of the allegations levied against it, it also acknowledges that some problems in the past were very real and needed to be addressed. We have addressed them, and we will continue to do so. As members of this community the league realizes its responsibility to understand and obey the rules governing use of public recreational areas in Mattapoisett. The league believes its use of the Center School and Junior High softball fields on Sunday mornings is well within the town's guidelines, but remains receptive to any con-

structive comments that can be made. The league and its sponsors have enjoyed and appreciated the use of the town's softball fields over the years, and would like those concerned to know that it hopes to work closely with the School Committee to ensure that any future use be to the benefit of all.

We trust and hope that these past few months, and June 11th's meeting in particular, have demonstrated to all concerned parties that the need for greater communication and dialogue is imperative for ALL activities that require the use of the town's recreational facilities. Mattapoisett is indeed a wonderfully unique town which offers many benefits, to all townspeople, that can not be found elsewhere. To keep Mattapoisett this way, however, we need cooperation and understanding among townspeople, not words and actions that would lead to mistrust and anger.

Respectfully Submitted,

The non-traditional component of the grant aims at providing opportunities and support for students exploring career options which have been historically closed to them because of their sex, traditionally "male" or "female" occupations. These services are provided not only to the current enrollment at Old Colony but also include youngsters in grades five through eight at the local elementary schools.

In the 1989-1990 school year, Old Colony identified 37 youngsters enrolled in non-traditional shop areas. Of these, 19 girls studied offset printing, six machine drafting, two machinery and one electricity. Seven male students were enrolled in data processing and two in health careers. Similar numbers are anticipated in the coming semester.

The grants are administered by the Division of Occupational Education through the State Department of Education.

TANDY TECHNOLOGY SCHOLARS PROGRAM

Recently Old Colony Regional Vocational-Technical High School became certified to participate in the Tandy Technology Scholars program sponsored by the Tandy Corporation.

The program is designed to recognize overall academic performance and outstanding achievement by mathematics, science, and computer science students and teach-

Kidrock at Zeiterion

SUMMER YOUTH THEATRE FESTIVAL

Rory is not your average children's performer. She doesn't do nursery rhymes or folk music. Instead, Rory sings about "greasy, grimy, slimy worms and purple slime", and children listen. Her debut album sold more than 3,000 copies in the first three months, making her the hottest rising star in children's entertainment.

Rory performs at New Bedford's Zeiterion Theatre August 1st at 10:30 a.m. as part of Summer Youth Theatre Festival 1990. "A vocalist with Pied Piper appeal" (according to The Baltimore Sun), Rory brings her young audiences songs that are an upbeat blend of pop, rock, 50s doo-wop, Motown, jazz, even a little bit of country.

This is the third installment in this year's festival, sponsored by Shaw's Supermarkets.

Rory's Kidrock (she coined the term) fills the nowhere land of children's music between nursery rhymes and rock 'n' roll. From witty lyrics with a driving beat to more tuneful ballads, her music is happy and singable. She sings about the "delightful" chore of rousing sleepyheads in the morning in "You're Driving Me Crazy!" (Even tho' I'm crazy for you); the infectious "Bubblebath" (done a cappella) with lyrics like "most of all, don't get soap in your eye"; to the feel-good-about-yourself, "I'm Gonna Be Somebody".

Onstage Rory is often joined by "The Incredible Piglets", her life-size puppet sidekicks created by Sal Dinaro, originator of Miss Piggy. The piglets echo Motown's Supremes as they cruise through their list of favorite vegetables. While the kids will love their antics, parents will be equally entertained by the familiar Motown beat in this very 60's-sounding song.

In 1989 Parent's Choice magazine awarded Rory its Parent's Choice Award gold rating for her debut album, I'm Just a Kid. Rory's music excites and inspires children, encouraging them to believe in themselves, while it respects parents' needs and concerns.

The daughter of a big band singer, Rory studied piano and voice while grow-

Canoe by Moonlight

Enjoy a moonlit canoe trip on the Slocum River on Saturday evening, August 4th.

Guided by a nearly full moon, Lloyd Center naturalists will lead the trip under a sky peppered with stars forming both familiar and unfamiliar constellations. Expect to see Hercules, Scorpio, Sagittarius, and Ursa Major and Ursa Minor, the Big and Little Dippers or Bears, as they are commonly called. Learn to recognize Cygnus the Swan, Lyra the Lyre, Bootes the Herdsman, Aquila the Eagle, and others. Also, be prepared to hear the mystical howling of the coyote and to see the silhouette of the great horned owl as it flies silently in search of unsuspecting prey.

An overview of paddling skills and canoe safety will precede the trip, which is scheduled to begin at 6 p.m. and is expected to be completed by 11 p.m. Participants should bring their binoculars, insect repellent, and any food or drink they desire.

BLUE HEAVEN TO PERFORM AT HERITAGE

"Blue Heaven", a rhythm and blues band, will perform at Heritage Plantation on Saturday, July 28th, at 7:30 p.m. on the Outdoor Concert Green. The Band features the "Fabulous Freddie G." with his crooning cohorts and "The Solar Sisters". "Blue Heaven" switches seamlessly between rhythm and blues, jump swing, and popular oldies, creating a "good-time" atmosphere that can't be denied. The nine-piece group combines superb musicianship and a dynamic stage presence with a diverse and eclectic array of tunes. Blue Heaven has performed at the Wang Center for the Performing Arts, private parties, and clubs in the Cambridge area of Boston.

This performance has been funded in part by a generous grant from On-Cape Lithographers, Inc.

Please bring a lawn chair or blanket to this concert as the museum does not supply chairs for the audience. For more information please call 888-3300.

Tickets for the day are good for all exhibits and events held on the grounds that day or for an event that might occur in the evening.

Admission prices are: adults, $7.; Senior Citizens, $6.; children under 12, $3.00; 5 and under are free.
